Dated Mysore 19th August 1896.

Rec'd 3-96-1

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

SIR,

A dispensary was established at Largu a municipal town in the Heggadadévankoté taluk, on the 14th of October 1893. In their ~~Government~~ ~~order~~ order No. 6989-91 the Govt ~~in the~~ remarked that the municipality should bear the cost of the dispensary building or pay the rent therefor. At present the dispensary is located in a private building and no rent is paid for it. The building was found to be small and insufficient for the accommodation of patients and for storing medicines therein; and, since a suitable building could not be had in the place, the Board resolved to have a suitable building constructed for the dispensary. The municipality being poor and unable to bear the entire cost, which amounts to Rupees 4,200, the Board proposed ~~...~~ in the event of the Government declining to bear the entire cost of

F. 268-92

the new building, to pay $\frac{1}{3}$rd of the cost due from it under the terms of the Government order No. 7041-53 L.F. 117-93 of 26th October 1893, by annual instalments of 200 Rupees. Thereupon the Senior Surgeon was addressed, in this office letter No. 1755 of the 24th March 1896, to take steps for the early construction of a suitable building. The Chief Engineer being referred to by the Senior Surgeon, he informs me, in his letter No. 1559 of the 10th April 1896, that the construction of a new dispensary according to the standard design would cost about Rs. 4,200 and the $\frac{1}{3}$rd share payable by the municipality would be Rupees 1,400; that the proposed arrangement of paying up the latter amount by annual instalments of Rs. 200 (which would take 7 years to liquidate the debt) can not be accepted as contributional accounts are not kept in the Public Works Department and that if the municipality is unable to pay the amount in advance as required, the sanction of Government, in the General Department, should be obtained to the contribution being waived

under para 3 of Government Proceedings No. 7041-53 of the 16th October 1893.
L.F. 117-93

2. The income of the Langur municipality for the current year is estimated at Rs. 665. This and the opening balance of Rs. 731 make a total of Rs. 1,396. Deducting Rs. 750 provided for expenditure in the current year's budget, the closing balance is estimated at Rs. 646. The funds at its credit are hardly sufficient to carry out the improvements, such as stone drains, roads &c., which are necessary owing to the insanitary condition of the town, and it is therefore not possible for the municipality to contribute its quota of the cost without unduly curtailing the necessary expenditure. I therefore beg that you will be good enough to obtain the sanction of the Government for the construction of a new dispensary at Langur and the exemption of the municipality from paying its quota of the cost under the terms of the Government order quoted above.

Rl 219 12635-36-97 25/5/97 268-92

Order thereon:

The establishment of this dispensary was sanctioned on the understanding that the Municipality should either provide a building for it or pay the rent of the house to be hired therefor. For the new dispensary building, which is a costly one, the payment of contribution by the Municipality has been specially waived; but until that building is ready, the rent for the house, in which the dispensary

is located must, it is observed, be
found by the Municipality of Sargur,
in the Budget of which for the ensuing
year the necessary provision should
accordingly be made.

2. The provision made in the
D-7 Budget for 1897-98 on
account of the said house rent
will remain undisturbed for
the present, but no expenditure
should be incurred therefrom.
